

DPM series

Access metal doors for ceiling mounting

Application

- Designed for ceiling application.
- Enable quick and convenient access to concealed equipment and utility lines.
- Suitable for use in humid indoor spaces.
- Protected by national patents worldwide.

Design

- Made of high-quality durable polymer-coated steel.
- The use of zinc phosphate compound ensures 100 % coating integrity and provides a reliable corrosion protection.
- Specially designed mechanical lock provides a safe door fixation.

- Easy opening and closing with a slight pressing.
- Custom sizes are available upon request.
- The doors are equipped with a galvanized steel safety rope with a snap hook to retain doors in a position that enables inspection works.
- The door opening angle with a safety rope is 45°.
- Open the snap hook if a wider opening angle is required for inspections.
- The doors are lined with a sealant for tight connection between the doors and the frame.

Mounting

- Screw fixation to the ceiling-mounted aluminium shape.
